

Pennsylvania Holstein is in need of the following for business we are working on at this time.

CATTLE NEEDED:

We need breeding age heifers that are registered or sire identified.
They need to be tested negative for leucosis, neospora and BVD.

We need Fresh (30-50 day fresh) free-stall cows (in their first or second lactation) They must be on DHIA test.

If you have animals for sale that meet these specifications, please contact David Lentz at 717-329-9202 or by e-mail at dj11018@pa.net

As always, if you have cattle to market or are in need of cattle, please contact Pennsylvania Holstein Association at 814-234-0364 or by e-mail at contact@paholsteins.com
